EXPERIENCE COMFORT AND PEACE OF MIND

Your cottage is your oasis of calm, a place where you can relax and get away from it all. You can trust TALIUS rollshutters to protect your cottage from crimes of opportunity and harsh climate. Relax in comfort while you are at your cottage; and rest assured that when you are not there, your cottage is protected from expensive damage caused by break-ins, theft, vandalism and extreme weather conditions.

A SIMPLE AND PRACTICAL ALTERNATIVE TO OTHER SECURITY PRODUCTS

A one-time application of TALIUS rollshutters will save you time and money on ongoing security alarm monitoring fees, and will eliminate the need for expensive window repair and replacement.

BUILT TO LAST

TALIUS rollshutters are engineered to withstand forced entry, and reduce energy costs. Made from high quality aluminum and stainless steel components, TALIUS rollshutters are insulated to keep the heat in your cottage during the winter, and out during the summer. All TALIUS products are custom made to suit your exact requirements, and feature a comprehensive warranty.

EASY TO OPERATE

TALIUS rollshutters are easily operated with manual or motorized convenience. We offer a variety of switch options, remote controls, and timers.
